# CYBER-ShARE
Center of Excellence

Sharing Resources to Advance Research and Education through Cyberinfrastructure

Faculty Opportunities

- Participate in the Cyber-ShARE Visiting Researchers Program
- Receive stipends to attend workshops on cyberinfrastructure and its use to advance science and engineering.

Subproject Areas of Study

CM Computational Math

CS Computer Science

GEO Geoscience

ES Environmental Science

Center Goals

- Inspire confidence in results obtained from cyberinfrastructure

- Create a synergistic environment for advancing science, engineering, and education

- Train and educate the next generation scientists
